MY INTERESTS

Music

I played guitar in pop-rock-band in which I got to play all the way in Hungary. You can read about the trip in the band's blog.

Games

Painting Miniatures

EMPLOYMENT HISTORY

August–December 2021
Software Developer
Turku UAS DenTech Dental Laboratory, Turku

I was part of a 3–4 developer team developing a mouth healthcare mobile app. My job was to program with React Native framework, look for information about technologies needed and suggest solutions to the project owner. Employer was particularly pleased with my work. I also worked as a **project manager** 4.11.–16.12.2021.

August 2018–January 2020
Operator
Valmet Automotive, Uusikaupunki

My job was to install car hatches and doors to a coachwork, check fastening moments with a special tool and prepare coachworks for painting. The work is highly reliant on teamwork.

June–August 2017
Distribution Center Installer
Adecco Finland Oy, Turku

I built small power distribution centers into block flat apartments in a client company.

June–August 2015, April–August 2014, July–August 2013
Electrician
JHS-Sähkö Oy, Salo

I made electrical installations mostly in construction or renovation of shops and laid fiber-optic cable in the tunnel network under Helsinki.

EDUCATION

August 2014–December 2021
Engineer (Bachelor), Information Technology
Turku University of Applied Science

August 2012–May 2014
Vocational qualification in Electrical Engineering and Automation Technology
Salo Region Vocational College

August 2008–June 2011
A Level
Salo Upper Secondary School

IT-SKILLS

JavaScript, React Native, Java, Python, Git, Node.js, Spring Boot, C#, HTML, CSS, Diagrams.net, Excel, Word, PowerPoint, Sheets, Trello, Windows, Linux, Android
